

PDC TCB Total Cut & Bend

Double End Electric or Air Crimper

Description

The TCB - Total Cut and Bend is the only machine on the market that cuts and crimps all coil sizes from 6mm through to 50mm, using the same cutting heads. Not only that, a longer crimp is achieved as the Coil diameter increases, ensuring a completely secure bind with every document. The TCB is easy to set up, decals on the machine guide you through five easy steps ensuring set up is achieved first time, every time. Available as an electric or air operated machine and with the ability to crimp documents from 14cms to 43cms wide, an industry first. The TCB is compatible with all PDC Coil inserters and is ideally suited to all high volume environments.

Features and Benefits

- No tools required for size changeovers.
- Min/Max Binding widths (14cm to 43cm).
- Longer crimp achieved as Coil diameter increases.
- Easy to follow decals guide the operator through set up.
