

PDC 3000QS

Auto Coil Insert and Crimp

Description

The 3000QS (Quick Setup) Auto Coil inserter/finishing system, automatically inserts pre cut Coil lengths into pre-punched books and simultaneously crimps both ends all in a single operation. Using the 3000QS, production figures of up to 600 books per hour can be achieved. Due to the unique design of the 3000QS, documents with oversize covers or tab dividers can be bound without any problems.

Two models are available, a 12" (A4 and smaller) and a 17" (A3 and smaller). Both models are able to insert Coil diameters from 6mm through to 20mm in standard mode and up to 30mm when using wider hole pitches such as 3:1". The 3000QS is supplied with a set of 15 spine formers, a tool kit plus instructional manual and video, you also have our expertise, free of charge for installation, training and ongoing onsite support.

Features and Benefits

- QS Means Quick set up, which can be achieved in less than 5 minutes and without tooling.
- Vertical book placement means that the 3000QS can accommodate tabs or oversize covers.
- Consistent, simultaneous crimping of both Coil ends.
- Production speeds of up to 600 books per hour are achievable.
- Mounted on casters for easy movement.
- Can be interlined with the New Concept Former for inline coil manufacturing and automated insertion.

Technical Specification

Dimensions (mm):	H 1070 x W 920 x D 610
Weight:	86 Kgs
Power Requirements:	230v 50/60Hz
Compressed air:	80psi 2cfm
Method of Operation:	Foot pedal
Safety Approvals:	CE/TUV

Auto Coil Insertion and Crimping

Related Equipment

One or two 3000QS inserters are easily interlined with the New Concept Former to creating either a Single Interline System or Dual Interline System. Undertaking this upgrade will significantly reduce your consumable costs and at the same time bring potential production speeds of up to 1200 books per hour.

Consumables

- Coil Filament available in 45 colours.
- Coil Filament available in diameters 1.8 to 2.6mm
